

STATIONERY

A STEADY STREAM
of stationery and office supplies flows from the store to our customers, and another stream replenishes the stock. This is kept up to a condition where betterment is impossible.

STATIONERY
from the best manufacturers in each line fills our shelves, and little money will transfer the ownership. The proof of the value is in the quality.

A Valuable Voice.
Caffarelli thought so much of his voice that once when challenged to fight a duel he refused on the ground that he had no right to expose to any risk the life of so great a singer.

The Female Oyster.
A single female oyster produces 3,000,000 eggs. These rise to the surface of the water, where they remain for a period of forty-eight hours before hatching. The young oyster immediately sinks to the bottom, and it is believed that fully 90 per cent sink into the mud and are smothered.

The Missouri river bridge of the Illinois Central at Omaha is the longest drawbridge in the world and cost \$2,000,000.

Tearful Cherubini.
Cherubini so closely identified his sympathies with his work that when writing a pathetic passage he would cry like a child. He was often found in tears over his score, and some of his manuscripts are thus so blotted as to be almost illegible.

The use of red ink in China is forbidden to all but the emperor, who signs official documents in this flaming color.

Take time to eat your meals. If you have not time to get a meal leisurely go without it, as it will not injure you a quarter as much as to eat it in a hurry.

Blind John Metcalf.
John Metcalf, a blind Englishman, was the first professional roadmaker. He built his first road between Harrogate and Boroughbridge, in England. The length of the road was three miles, and the material used was gravel.

The First Pair of Boots.
No one knows who "invented" boots or by whom the legged foot coverings were first worn. Some writers are of the opinion that they first came in vogue among the Carlians. They are mentioned by Homer 907 years B. C. and are frequently referred to by the early Roman historians. In this connection it may be interesting to note that a torture instrument called the "boot" was used in Scotland in 1096.

A QUARTET
OF QUAKER
RANGES FREE

A Quaker Range Voting Contest Absolutely Without Precedent.

4 QUAKER RANGES FREE

The Times Offers This Number to the Four Ladies Who Receive the Most Votes Under Conditions Indicated Below.

The QUAKER RANGE is world famous, and is well known to the good cooks of Vermont. It is made by the White Warner Co., a guarantee of good faith, and is sold by leading dealers everywhere. All persons unfamiliar with its merits may secure, on application at this office, a full description of this excellent range.

How the Ranges Will Be Distributed.

Range No. 1.—To the lady receiving the most votes in Berlin, Williamstown (excepting Foxville or that portion of Granville not in Williamstown), Brookfield and that part of Barre town west of Stevens' Brook.

Range No. 2.—To the lady receiving the most votes in Barre town east of Stevens' branch and that part of Granville and Foxville located in Williamstown.

Range No. 3.—To the lady receiving the most votes in Orange, Washington, Chelsea or West Topsham.

Range No. 4.—To the lady receiving the most votes in East Montpelier, Plainfield, Marshfield, Groton, Cabot or Calais.

Contest Begins June 20.

The contest will begin June 20 and close Sept. 21 at 9 p. m.

Ranges will be delivered immediately.

Special Announcement.

In case that two bona fide contestants do not appear in any contest, or that the total number of votes in any contest fails to reach 1,000, the prize in that contest will be withdrawn and will be awarded to the lady receiving the highest second in any other contest.

Conditions of the Contest.
One range will be given to the lady receiving the highest number of votes in any contest.

No coupons will be sold at this office and no papers will be sold in quantities. No coupons will be printed in the paper, but will be issued as specified in the paragraph following.

One twenty-five vote coupon will be issued for every \$1.25 that is paid in on subscriptions to the Times, but no coupons will be issued for fractional parts of a dollar, or for any subscription of less than six months. This applies to either old or new subscribers. One twenty-five vote coupon for every \$1.25 paid, no more, no less.

To prevent trading among contestants, those who receive coupons should fill them out at once. No coupon will be counted upon which two names appear, even if one of them has been erased. After coupons are once credited no transfer will be made.

Any contestant is at liberty to canvass anywhere for subscriptions no matter where she resides, but the prize winner must be a bona fide resident of the town to which the range is to be awarded, as indicated above.

Any one intending to canvass for these ranges should write to this office at once for instructions, and printed matter.

All votes recorded in the Times will be held and be open for the inspection by any candidate until after the contest closes.

Steel at Zero.

Colors Attract Bees.
Bees are attracted to flowers by the bright colors. The experiments of a Belgian naturalist prove that perfume has much less attraction and that honey has none at all.

The Cat Fugue.
Scarlatti was fond of cats, and to this circumstance is owing the celebrated and very curious "Cat Fugue" which appears in his works.
